

Instructions for Individual Operating of the AJA Sally Priesand Virtual Exhibit Website:

Visuals – what you see when you enter the exhibit:

- Highlights – the transparent gray circles on the exhibit floor, when left-clicked, will reposition you directly in front of the exhibit where it is placed.
- Tags – the gray dots on the exhibit itself, when left clicked, will provide
 - a digital image of the artifact that can be zoomed in on via the magnifying glass icon, and viewed in Fullscreen (See 'Fullscreen', under **Toolbar**),
 - an option to share the image on social media (See 'Share this Space', under **Toolbar**),

- and a caption with general information about the artifact.

Viewing Controls – it is recommended that you connect a mouse to your device for ease and user friendliness:

- Interact with the Exhibit:
 - Left click on ‘Highlights’ (*See Highlights, under **Visual***) to move around the exhibit.
 - Left click on ‘Tags’ (*See Tags, under **Visual***) to view more information on individual artifacts.
- Moving up-down/left-right:
 - Hold left click and drag in the direction to look around from the spot you are in.
 - Arrow keys and the keys ‘WASD’ also can be used for this function.
- Zoom:

- If your mouse has a scroll wheel, scrolling forward will zoom in and scrolling backward will zoom out.
- Alternatively, “+” or “-” keys on a keyboard can be used.

Toolbar – On the left and right bottom of your screen, you will see icons that will enable you to better manipulate and experience the 3D exhibit. On you bottom left ‘Toolbar’ (as seen left to right), you will see:

- Play Button:

- Click the unpause/pause icon to be virtually walked through the exhibit, stopping at highlights.
- Click the “^” icon to view the highlights of the virtual tour.

- Dollhouse:

- Click this icon to see the entirety of the exhibit from a 3-dimensional aerial perspective.
- Floorplan:
 - Click this icon to see the entirety of the exhibit from a 1-dimensional top-down view.
- Measurement mode:
 - Click this icon to find the length/width of an object in the exhibit.
 - To measure an object, click the measurement icon in the bottom left of your screen. Then, click the “+” button that will appear in the middle of your screen. Now, you can click any two available points on the exhibit and the distance between those points will be presented.

On you bottom right ‘Toolbar’ (as seen left to right), you will see:

- Share this Space:
 - Click this icon for a link to the exhibit website, with options to share the link on social media.
 - Click “Link to this location” if you have stopped at a highlight and want the provided link to direct whoever uses that link to that exact spot.
- View in VR:
 - If you have a VR headset, connect it to your device and click this icon. The Oculus 2 is recommended.
- Fullscreen:
 - Click this icon for the exhibit to take up the entirety of your devices screen, and then again to exit out of Fullscreen mode. If a keyboard is connected to your device, the “Esc” key will also work to exit Fullscreen.
