Hello Mr Cronbach
as I have been Reading about
your loosing attempt to
help the ~~commy~~ spies of
course the Rosenbergs +
as you gave your main
Reason for trying to help
them was because you are
opposed to Capital Punishment
-ment But I have watched
the Papers Ever since you
went to the front for the
Rosenburg spies that stole
secrets from the country that
gave them a how + a lively
+ Passed them to an Enemy
making it possible for them

Kill millions But still you
Pony country or well wisher
for them Just opposed to
Capital Punishment But I
have never seen where you opened
your Big mouth in aid for Mrs
Dean or the Greenleaf
Kidnappers you never said
one word Public in their
favor so that makes it look
more stronger than Ever that
you only Battered your self for
the spies + Communist
Personally I think they all got
Justice not a Victim of a
miscarriage of Justice
so if you are such a friend

to Russy + her spies why
dont you go live in Russy
+ kneel daily before malenkov
+ get out at a country that
prefers freedom to slavery

P.S. I dont think you have
Enough brass to have this
letter published in the local
Paper
